I fully understand and accept the transferable warranty provided, which covers only the areas of the basement addressed and does not cover water damage. Partial perimeter systems carry a limited warranty. Sump pumps are covered by a separate manufacturer warranty. Installation of the system does not include painting, finished carpentry, extending discharge lines, electrical work, or replacement of floor tile or carpeting. Contractor cannot be responsible for frozen discharge lines without an IceGuard, condensation, damp spot discoloration, water once pumped from house, window well flooding, or fuel tanks or lines. Customer shall grant contractor a 60 day right to remedy any problem after reported. Homeowner responsible for moving objects away from walls and back again. Some dust should be expected from work. Payments to be made in full upon completion. All material is guaranteed to be as specified. All work to be completed according to the standard practices. Any alteration from above specifications will be executed only upon written orders, and will become an extra charge. All agreements contingent upon accidents or delays beyond our control. Our workers are fully covered by workman's Compensation Insurance. Homeowner assumes all responsibility for damages due to breakage of any hidden fuel/utility service lines, though we will do our best to avoid such damage. All proposals based primarily on homeowners description of problem. Warranty does not cover water damage. This proposal may be withdrawn by us if not accepted within 30 days.
