Dear Mr. Okruszynski:

You are in the process of building a house on Lot 15, Fox Croft Highlands, known as 420 West Bergen Drive. This office has been watching the property since it became a part of the Village of Fox Point. As far as we have been able to observe there has been no work done since annexation. Ordinance No. 158, Section 12, being a part of the Building Code of the Village of Fox Point voids any permit if the work authorized by such permit is suspended at any time after the work is commenced, for a period of sixty days. Before such work can be re-commenced the permit shall be re-issued or a new permit taken out.

It is also the duty of the Building Inspector, under said Ordinance No. 158, to cause to be razed any structure that can be deemed a hazard. In observing the structure on your lot it was noticed that there were several places where persons could fall into the excavation.

We would like you to contact this office before we are forced to take such action as is prescribed by state and local statutes.

Very truly yours,

Donald G. Wieland  
Building Inspector
