Herewith are filed the specifications that describe the work in question and as shown on plans above submitted.

In making the application the undersigned agrees to obey the Fox Point Building and Zoning Codes pertaining to the erection of all structures and also agrees to obey all other ordinances of the Village of Fox Point.

The undersigned, owner or being duly authorized so to do, hereby gives express authorization to the Village of Fox Point, its officers, agents and employees, to enter upon the premises herein described and fill up any excavation, or tear down, remove or enclose the unfinished structure for which a permit is herein requested in the event of cessation of the building, whenever the Building Inspector shall determine that such premises in the unfinished condition of the structure are dangerous to members of the public, including children, even though trespassers. The undersigned further hereby waives all statutory notices and consents to the determination by the Village Board and the levy and placing upon the tax roll of a special assessment in the amount of the cost to the Village, including customary Village overhead charges incurred in filling up any such excavation or tearing down, removing or enclosing any such unfinished structure.

We hereby agree to provide a house number plate or sign readily observable from the public highway which will be installed not less than 15 days after the structure is occupied. ٢ ٩

| Has the permit been granted?   |  |
| Herewith are filed the following duplicate plans<br>conform to in the work hereby applied for. | -  |
|  | No storm water or surface water drains, wheth                                  |
|  | may be connected to the sanitary sewer syste<br>Bldg. Code Sec. 10 (8) P. 13b. |
|  |  |
|  |  |

Herewith are filed the specifications that describe the work in question and as shown on plans above submitted.

In making the application the undersigned agrees to obey the Fox Point Building Code pertaining to the erection of buildings and also agrees to obey all other ordinances of the Village of Fox Point. The undersigned, owner or being duly authorized so to do, hereby gives express authorization to the Village of Fox Point, its officers, agents and employees, to enter upon the premises herein described and fill up any excavation, or tear down, remove or enclose the unfinished structure for which a permit is herein requested in the event of cessation of the building, whenever the Building Inspector shall determine that such premises in the unfinished condition of the structure are dangerous to members of the public, including children, even though trespassers. The undersigned further hereby waives all statutory notices and consents to the determination by the Village Board and the levy and placing upon the tax roll of a special assessment in the amount of the cost to the Village, including customary Village overhead charges incurred in filling up any such excavation or tearing down, removing or enclosing any such unfinished structure.

We hereby agree to provide a house number plate or sign readily observable from the public highway which will be installed not less than 15 days after the residence is occupied.

Signed. Dated, May 7, 19.54

| Herewith are filed the following duplicate plans  |
| to Back you of Breezeway.   |

Herewith are filed the specifications that describe the work in question and as shown on plans above submitted.

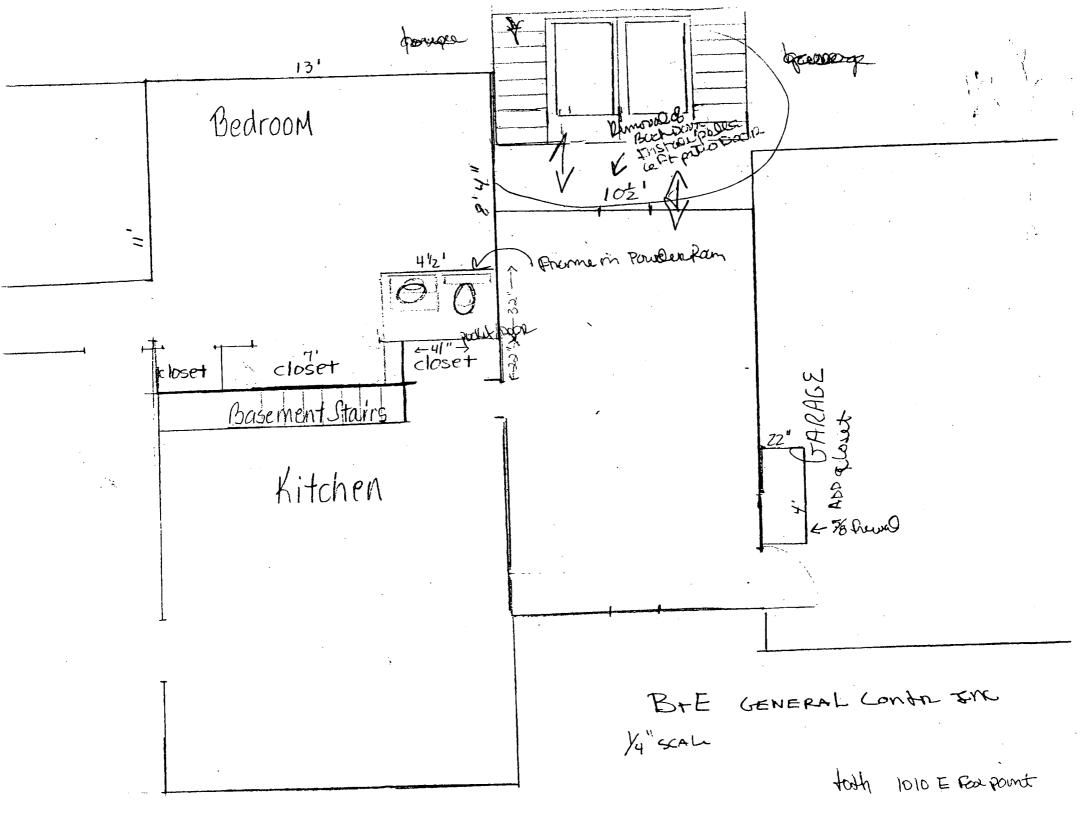

In making the application the undersigned agrees to obey the Fox Point Building and Zoning Codes pertaining to the erection of all structures and also agrees to obey all other ordinances of the Village of Fox Point.

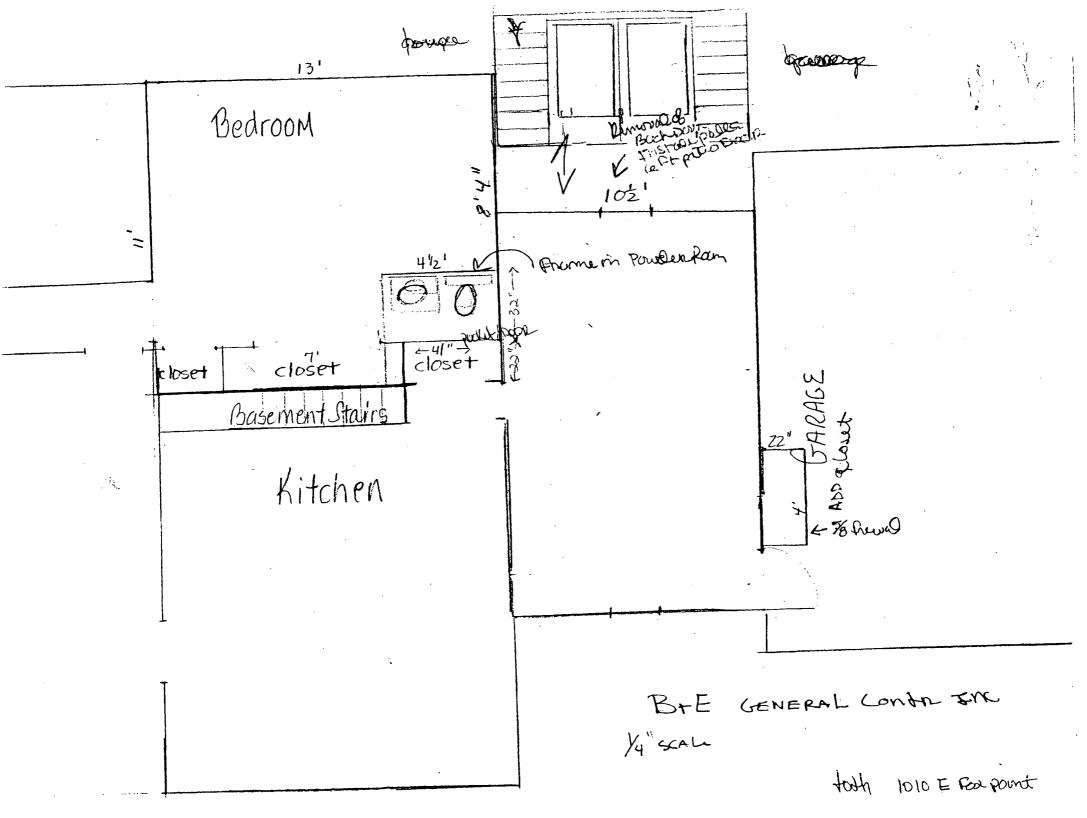

The undersigned, owner or being duly authorized so to do, hereby gives express authorization to the Village of Fox Point, its officers, agents and employees, to enter upon the premises herein described and fill up any excavation, or tear down, remove or enclose the unfinished structure for which a permit is herein requested in the event of cessation of the building, whenever the Building Inspector shall determine that such premises in the unfinished condition of the structure are dangerous to members of the public, including children, even though trespassers. The undersigned further hereby waives all statutory notices and consents to the determination by the Village Board and the levy and placing upon the tax roll of a special assessment in the amount of the cost to the Village, including customary Village overhead charges incurred in filling up any such excavation or tearing down, removing or enclosing any such unfinished structure.

We hereby agree to provide a house number plate or sign readily observable from the public highway which will be installed not less than 15 days after the structure is occupied.

The applicant and/or property owner shall be responsible for reviewing all applicable code requirements and designing their project in compliance with those requirements.

Using the boxes below, please check all activities that apply to your proposed project:

#### Residential Building Permit

- □ Interior Remodeling (kitchen, bathrooms, rec rooms, etc.)
- □ Exterior Remodeling (Windows, siding, etc.)
- □ House Addition
- Detached Garage
- □ New House Construction
- □ Razing Permit

#### Commercial Building Permit

- □ Village Board Approval
- □ State Approved Plans
- Building Board Approvals (Exterior Alterations only)
- Occupancy Permit

#### □ Other Permits

- Electrical Permit
- □ Plumbing Permit
- □ HVAC Permit
- □ Lighting Plan
- □ Signs
- □ Grading or Drainage Permit
- 🗆 Fill Permit
- □ Erosion Control New Home Construction

- □ Accessory Buildings
- Fences
- □ Roofing
- Occupancy Permit
- □ Satellite Dishes
- Building Board Approvals (Exterior Alterations only)

#### Institutional Building Permit

- Conditional Use Permit
- □ State Approved Plans
- Building Board Approvals (Exterior Alterations only)
- Occupancy Permit
- □ Erosion Control All Non-New Home Activities
- □ Construction on the Lake Bluff or Ravine

:

- Urban Forestry Tree Removal, Cutting on the Bluff, etc.
- □ Storm Water Permit
- Underground Storage Tank (UST) Removal

Forms will be provided to each Applicant depending on the boxes checked above. These are described in more detail as follows:

- <u>Chapter 30 Building and Razing Permits.</u> The Village's building permit application form must be filled-out completely in order to obtain a permit for building and/or razing (a separate permit is required for each). In addition, the Wisconsin Uniform Building Permit application form must be completed and submitted to the Village for the construction of any new single family dwelling. Contractors applying for permits to do work on one or two family dwellings shall include a copy of their Dwelling Contractor Certification and Dwelling Contractor Qualifier Certification unless the homeowner has signed the Department of Commerce's waiver form as required by Wisconsin State Statues.
- <u>Chapter 5 Streets and Sidewalks.</u> For activities being performed in the Village's Right of Way (ROW), a separate permit may need to be obtained and a deposit must be paid. Applicants are reminded that it is their responsibility to contact the Village after all work in the ROW is completed. Deposits will only be returned upon satisfactorily restoring the Village ROW.
- 3. <u>Section 30.05 Grading and Drainage Plans.</u> A drainage plan shall be submitted under any of the following conditions: (1) the construction of a new principal building, (2) land disturbing activity requiring a permit that affects a surface area of 4,000 sq/ft or more, (3) land disturbing activity (other than tree removal) on the face of a ravine or lake bluff, (4) all circumstances where a fill permit is required pursuant to Chapter 18 of the Village Code, and (5) when required by the Village in particular cases due to particular concerns arising in the application.
- <u>Chapter 18 Fill Permit.</u> No person, firm or institution, public or private, shall transport to, dump, or place upon lands, public or private, solid fill in the Village of Fox Point without first obtaining a permit.
- 5. <u>Erosion Control Plans.</u> An erosion control plan for <u>new home construction</u> must be submitted pursuant to the Department of Safety and Professional Services regulations SPS 321.125 and 321.126. For <u>all other activities that are not new home construction</u>, Section 38 of the Village Code may apply to your activity. In particular, should your activity fall into one of the categories identified in Section 38.07(a), then you are required to submit an erosion control plan that complies with Section 38.08.
- 6. <u>Chapter 17 Construction on a Lake Bluff or Ravine</u>. No building or structure shall be erected on or over the slope of a ravine or lake bluff or at the foot of a ravine or lake bluff unless it meets one of the exceptions listed in the Village's Bluff Ordinance. Section 17.11 also restricts any cutting on the slope of the lake bluff or the slope of the bank of a ravine.
- 7. <u>Chapter 39 Prohibition on Clear Cutting Lots.</u> A permit is required whenever a landowner, tenant, or person in possession or control of a lot or property within the Village of Fox Point proposes to cut back more than 50% of the healthy trees upon any such lot or property.
- 8. <u>Chapter 37 Storm Water Permit.</u> A storm water permit must be obtained when a property development disturbs one (1) or more acres or if the development increases impervious surface by one-half acre or more unless exempt under Chapter 37 of the Village Code.
