RE: Fence Construction

I give my permission to the contractor of my neighbor Kate's choice to tear down the fence located on the south side of the property and erect a new one per Kate's instruction.

I would also like a bid to erect a fence on the north side of the back yard and the remaining south side with the same material as Kate's choice.

Please save (leave in yard) one section of the old fence slats for my use.

Regards

Mark Breidenbach
