CAUTIONARY STATEMENT TO OWNERS OBTAINING BUILDING PERMITS

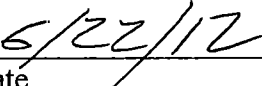

101.65(1r) of the Wisconsin Statutes requires municipalities that enforce the Uniform Dwelling Code to provide an owner who applies for a building permit with a statement advising the owner that:

If the owner hires a contractor to perform work under the building permit and the contractor is not bonded or insured as required under s.101.654(2)(a), the following consequences might occur:

- a) The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under the building permit or that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.
- b) The owner may not be able to collect from the contractor damages for any loss sustained by the owner because of a violation by the contractor of the one and two family dwelling code or an ordinance enacted under sub.(1)(a), because of any bodily injury to or death of others or damage to the property of others that arises out of the work performed under the building permit or because of any bodily injury to or death of others or damage to the property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.

Jill A. La Grange
1020 E. Quarles Place
Fox Point, WI 53217

Dear Mr. Leech & Ms. La Grange:

I observed on June 19, 2012 that you are in the process of reroofing your home. In checking Village records, I fail to find any record of a building permit ever having been issued for this work. This is a violation of section 30.05(1)(g) of the Village code.

For the foregoing reasons, I am hereby requiring that you obtain a building permit for reroofing your home by June 29, 2012. Please be advised that failure to comply with this request will result in further action being taken by this department.

Please feel free to contact me should you have any questions concerning this letter.

Sincerely,

Scott Miller
Building Inspector

NONCOMPLIANCE NOTICE

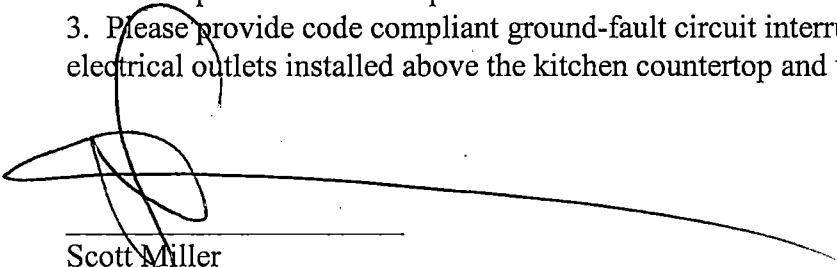

February 8, 2005

Issued to: Brad & Jill Henderson

Address: 1020 E. Quarles Place

An inspection of the premises located at 1020 E. Quarles Place discloses non-compliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

1. Smoke detectors are required for each floor level including the basement.
2. Please provide backflow protection for all exterior hose bibs and laundry tub faucets.
3. Please provide code compliant ground-fault circuit interrupter (GFCI) protection for the electrical outlets installed above the kitchen countertop and the master bedroom.

CERTIFICATE OF COMPLIANCE

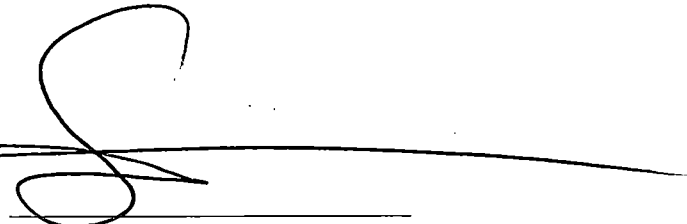

February 9, 2005

NO. 5294

Issued to: Brad & Jill Henderson/K. Gretchen Peck

Address: 1020 E. Quarles Place

This Certificate of Compliance permits a change in the occupancy of the premises at 1020 East Quarles Place, Fox Point, WI, any time within one year from the date hereof, and indicates that so far as can reasonably be determined by a visual inspection of the premises and a review of the Village records, the premises meet the requirements of Section 30P.62 of the Fox Point Building Code. This certificate is issued for the benefit of the Village of Fox Point in the enforcement of Section 30P.62 of the Fox Point Building Code. Neither the Village of Fox Point nor the Building Inspector assumes any liability in or as a result of the inspection or issuance of the Certificate of Compliance and by the issuance of this Certificate of Compliance does not guarantee or warrant as to the condition of the premises inspected.

All Applications MUST INCLUDE THE
Following INFORMATION:

(2.) APPLICATION FOR PERMITS -- Application for a building permit shall be made in writing upon a blank form to be furnished by the Building Inspector and shall state the name and address of the owner of the building and the owner of the land on which it is to be erected, the name and address of the designer and shall set forth a legal description of the land on which the building is to be located, the location of the building, the house number thereof and such other information as the Building Inspector may require. With such application, there shall be submitted, to the Building Inspector, three (3) complete sets of plans, specifications and three (3) copies of a survey.

(a.) Survey -- The survey shall be prepared and certified by a surveyor or registered by the State of Wisconsin; shall be made, in no case, prior to one (1) year prior to the issuance of a building permit; and shall bear the date of the survey. The certified survey shall also show the following:

1. Location and dimensions of all buildings on the lot, both existing and proposed.
2. Dimensions of the lot.
3. Dimensions showing all setbacks to all buildings on the lot.
4. Proposed grade of proposed structure, to city or village datum.
5. Grade of lot and of road opposite lot.
6. Grade and setback of adjacent buildings. If adjacent lot is vacant, submit elevation of nearest buildings on same side of the road.
7. Type of monuments at each corner of lot.
8. Water courses or existing drainage ditches.
9. Seal and signature of surveyor.

(b.) Plans and Specifications -- All plans shall be drawn to a scale not less than one-fourth (1/4) inch per foot, on paper or cloth in ink, or by some other process that will not fade or obliterate, and shall disclose the existing and proposed provisions for water supply, sanitary sewer connections and surface water drainage. All dimensions shall be accurately figured. Drawings that do not show all necessary detail shall be rejected.

A complete set of plans for residential construction shall consist of:

1. All elevations.
2. All floor plans.
3. Complete construction details.
4. Fireplace details (3/4 inch per foot) showing cross section of fireplace and flues.
5. Plans of garage when garage is to be built immediately or location of garage when it is to be built at a later date.

All plans shall remain on file in the office of the Building Inspector until at least one (1) year after the completion of the building, after which time the Building Inspector may return the same to the owner, may keep them for public record or may destroy them.

- (3.) WAIVER OF SOME REQUIREMENTS -- At the option of the Building Inspector, plans, data, specifications and survey need not be submitted with an application for permit to execute minor alterations and repairs to any building, structure or equipment, provided the proposed construction is sufficiently described in the application for permit.
- (4.) SEAL OF REGISTERED ENGINEER OR ARCHITECT -- All plans, data and specifications for the construction of any building or structure or for any construction in connection with existing buildings or structures, other than one and two family residences containing more than fifty thousand (50,000) cubic feet, total volume, submitted with an application for permit, shall bear the seal of the registered architect or engineer. The plans shall also be stamped as approved as required by the Department of Industry, Labor and Human Relations of the State of Wisconsin. Such building or structure shall be constructed under the supervision of an architect or engineer who shall be responsible for its erection in accordance with the approved plans. No permit shall be granted for such structure unless such construction will be under the supervision of an architect or engineer, as required by the Wisconsin Statutes. A written statement to this effect shall be filed by the architect or engineer, with the Building Inspector, with the application for permit.
- (5.) DRAINAGE
- (a.) Grading of lots -- The plans shall show the present and proposed grades of the lot on which it is proposed to erect the building for which a building permit is sought and of the immediately adjoining property in sufficient detail to indicate the surface water drainage before and after the completion of the grading. No permit shall be issued if the erection of the building and the proposed grades shall unreasonably obstruct the natural flow of water from the surface of adjoining property or obstruct the flow of any existing ravine, ditch, drain or storm water sewer draining neighboring property, unless suitable provision is made for such flow by means of an adequate ditch or pipe, which shall be shown on the plans and shall be constructed so as to provide continuous drainage at all times.

September 13, 1977

Mr. W. V. Reilly, Jr.
1020 East Quarles Place
Milwaukee, Wisconsin 53217

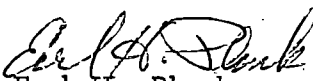

Dear Mr. Reilly:

A permit authorizing the installation of an air conditioner was approved and issued by this office on August 8, 1977. This permit was issued conditioned upon a letter signed by you agreeing to relocate the condensor unit from the west side of your residence upon the receipt of a written complaint from an adjoining neighbor.

Your letter also stated that the relocation would be accomplished within ten (10) days after written notification from this office.

Please be advised that a written complaint has been received by this office and that therefore we shall expect that the exterior condensor unit shall be relocated to a location approved by this office within ten (10) days of the above date.

Yours very truly,

Earl H. Plank

CERTIFICATE OF COMPLIANCE

June 19, 2001

NO. 4693

Issued to: William & Elizabeth Reilly

Address: 1020 E. Quarles Place

This Certificate of Compliance permits a change in the occupancy of the premises located at 1020 E. Quarles Place, Fox Point, Wisconsin, any time within one year from the date hereof, and indicates that so far as can reasonably be determined by a visual inspection of the premises and a review of the Village records, the premises meet the requirements of Section 30P.62 of the Fox Point Building Code. This certificate is issued for the benefit of the Village of Fox Point in the enforcement of Section 30P.62 of the Fox Point Building Code. Neither the Village of Fox Point nor the Building Inspector assumes any liability in or as a result of the inspection or issuance of the Certificate of Compliance and by the issuance of this Certificate of Compliance does not guarantee or warrant as to the condition of the premises inspected.

NONCOMPLIANCE NOTICE

April 18, 2001

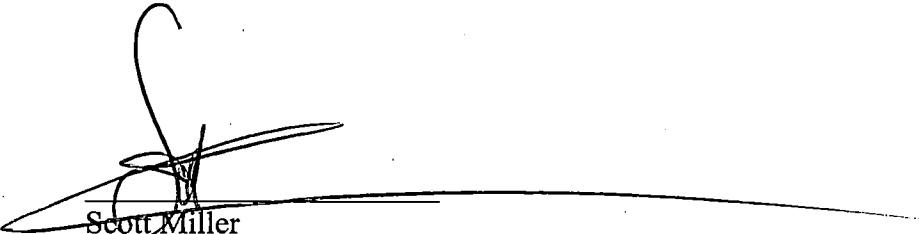

Issued to: William & Elizabeth Reilly

Address: 1020 E. Quarles Place

An inspection of the premises located at 1020 E. Quarles Place discloses noncompliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

1. Smoke detectors are required for each floor level including the basement.
2. Provide backflow protection for all exterior hose bibs and laundry tub faucets.
3. All rainwater downspouts must expire at least 3'00" from the building foundation.
4. I observed the following code violations with the installation of the service equipment:
 - A. NEC 110-14 Improper use of terminals
 - B. NEC 230-41 The existing 110 ampere electrical service appears to be overload. Please submit load calculations showing code compliance.
 - C. NEC Article #250 Improper grounding and bonding.
 - D. NEC 110-24 The new subpanel is improperly located above the basement laundry tub.
 - E. NEC 110-3(b) Properly replace the missing screws which fasten the covers of the electrical equipment to their enclosures.

Please bring this installation into code compliance.

Negresco, le

Sept. 10, 1977

Dear Mr. Plank,

This letter is to give you notice that I would like to make an official complaint against the installation of an air conditioner on the house next to ours.

The reason we are lodging this complaint is because the noise of the air conditioner prevents us from sleeping as it was installed on the side of their house which is next to our bedroom windows.

I hope we can resolve this situation as soon as possible.

Thank you for your cooperation.

Sincerely yours,

Mrs Craig Adelman

Forms will be provided to each Applicant depending on the boxes checked above. These are described in more detail as follows:

1. Chapter 30 – Building and Razing Permits. The Village’s building permit application form must be filled-out completely in order to obtain a permit for building and/or razing (**a separate permit is required for each**). In addition, the Wisconsin Uniform Building Permit application form must be completed and submitted to the Village for the construction of any new single family dwelling. Contractors applying for permits to do work on one or two family dwellings shall include a copy of their Dwelling Contractor Certification and Dwelling Contractor Qualifier Certification unless the homeowner has signed the Department of Commerce’s waiver form as required by Wisconsin State Statutes.
2. Chapter 5 – Streets and Sidewalks. For activities being performed in the Village’s Right of Way (ROW), a separate permit may need to be obtained and a deposit must be paid. **Applicants are reminded that it is their responsibility to contact the Village after all work in the ROW is completed. Deposits will only be returned upon satisfactorily restoring the Village ROW.**
3. Section 30.05 – Grading and Drainage Plans. A drainage plan shall be submitted under any of the following conditions: (1) the construction of a new principal building, (2) land disturbing activity requiring a permit that affects a surface area of 4,000 sq/ft or more, (3) land disturbing activity (other than tree removal) on the face of a ravine or lake bluff, (4) all circumstances where a fill permit is required pursuant to Chapter 18 of the Village Code, and (5) when required by the Village in particular cases due to particular concerns arising in the application.
4. Chapter 18 – Fill Permit. No person, firm or institution, public or private, shall transport to, dump, or place upon lands, public or private, solid fill in the Village of Fox Point without first obtaining a permit.
5. Erosion Control Plans. An erosion control plan for new home construction must be submitted pursuant to the Department of Safety and Professional Services regulations SPS 321.125 and 321.126. For all other activities that are not new home construction, Section 38 of the Village Code may apply to your activity. In particular, should your activity fall into one of the categories identified in Section 38.07(a), then you are required to submit an erosion control plan that complies with Section 38.08.
6. Chapter 17 – Construction on a Lake Bluff or Ravine. No building or structure shall be erected on or over the slope of a ravine or lake bluff or at the foot of a ravine or lake bluff unless it meets one of the exceptions listed in the Village’s Bluff Ordinance. Section 17.11 also restricts any cutting on the slope of the lake bluff or the slope of the bank of a ravine.
7. Chapter 39 – Prohibition on Clear Cutting Lots. A permit is required whenever a landowner, tenant, or person in possession or control of a lot or property within the Village of Fox Point proposes to cut back more than 50% of the healthy trees upon any such lot or property.
8. Chapter 37 – Storm Water Permit. A storm water permit must be obtained when a property development disturbs one (1) or more acres or if the development increases impervious surface by one-half acre or more unless exempt under Chapter 37 of the Village Code.

Dear Mr Plank,

As per our conversation
we will agree to relocate
the air conditioner condenser unit
from the west side of our residence
upon your receipt of a bona fide
written complaint from an
adjoining neighbor. The relocation
will be accomplished within ten (10)
days after written notification
from your office.

Thank you for your assistance.

Frame—Brick—Stucco

Have you applied to the Industrial Commission for a permit under the State Building Code?

Has the permit been granted?

Herewith are filed the following duplicate plans.....in number, which I certify I will conform to in the work hereby applied for.

Remarks:

We hereby agree to provide a house number plate or sign readily observable from the public highway, which will be installed not less than 15 days after the residence is occupied.

This permit issued subject to Federal controls and regulations

Herewith are filed the specifications that describe the work in question and as shown on plans above submitted.

In making the application the undersigned agrees to obey the Fox Point Building Code pertaining to the erection of buildings and also agrees to obey all other ordinances of the Village of Fox Point.

The undersigned, owner or being duly authorized so to do, hereby gives express authorization to the Village of Fox Point, its officers, agents and employees, to enter upon the premises herein described and fill up any excavation, or tear down, remove or enclose the unfinished structure for which a permit is herein requested in the event of cessation of the building, whenever the Building Inspector shall determine that such premises in the unfinished condition of the structure are dangerous to members of the public, including children, even though trespassers. The undersigned further hereby waives all statutory notices and consents to the determination by the Village Board and the levy and placing upon the tax roll of a special assessment in the amount of the cost to the Village, including customary Village overhead charges incurred in filling up any such excavation or tearing down, removing or enclosing any such unfinished structure.

We hereby agree to provide a house number plate or sign readily observable from the public highway which will be installed not less than 15 days after the residence is occupied.

Owner of land Maurice H. Cohen Owner of Building Maurice H. Cohen

Permit fee \$ 61.16 herewith tendered.
