NON COMPLIANCE NOTICE

July 29, 2014

Issued to: Songsil Alexander

Address: 8530 N. Fox Croft Lane

An inspection of the premises located at 8530 N. Fox Croft Lane discloses noncompliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

1. Please provide Ground-Fault Circuit Interrupter (GFCI) protection for the electrical outlet that is located immediately adjacent to your kitchen sink.

Scott Miller **Building Inspector** Village of Fox Point

* Please be aware that Village Code requires permits for plumbing and electrical work.

INSPECTION DEPARTMENT VILLAGE OF FOX POINT 7200 N. SANTA MONICA BOULEVARD FOX POINT, WISCONSIN 53217

CERTIFICATE OF COMPLIANCE

September 10, 2014

NO. 6555

Issued to: Songsil Alexander

Address: 8530 N. Fox Croft Lane

This Certificate of Compliance permits a change in the occupancy of the premises at 8530 N. Fox Croft Lane, Fox Point, WI, any time within one year from the date hereof, and indicates that so far as can reasonably be determined by a visual inspection of the premises and a review of the Village records, the premises meet the requirements of Section 30P.62 of the Fox Point Building Code. This certificate is issued for the benefit of the Village of Fox Point in the enforcement of Section 30P.62 of the Fox Point Building Code. Neither the Village of Fox Point nor the Building Inspector assumes any liability in or as a result of the inspection or issuance of the Certificate of Compliance and by the issuance of this Certificate of Compliance does not guarantee or warrant as to the condition of the premises inspected.

Scott Miller Building Inspector Village of Fox Point

Special Note:

The issue of tank disclosure and proper closure procedures is of a priority nature within the real estate market place. If your DILHR certified tank remover can at all remove the tank then it would be highly recommended to do so.

This documentation will serve as a formal entry into the UST case file to show the owners attempt to comply. ILHR 10.58 titled "reporting and recordkeeping" requires UST closure documentation to be on site or immediately available to UST inspection personnel upon request. Non regulatory code compliance or false misrepresentation of facts will be deemed gross negligence.

Should additional relevant information to the contrary become available, we reserve the right to reopen this case file. I want to take a moment to thank you for your timely response in clearing up this matter. I will be forwarding this information to the parties stated below per standard protocol.

Any inquiries relating to this case should be directed through me at 414/548-8625.

Yours For Better Fire Prevention,

Leroy Nordmeyer V Flammable Liquids Specialist District No. 3

VILLAGE OF FOX POINT

MILWAUKEE COUNTY WISCONSIN

February 6, 1992

VILLAGE HALL 7200 N. SANTA MONICA BLVD. FOX POINT 53217-3505 414-351-8900

Igor Versler 8530 N. Fox Croft Lane Fox Point, WI 53217

Re: Certificate of Compliance

Dear Mr. Versler!

As you may recall, on May 22, 1991 you indicated to me that you no longer are planning to sell your home and did not need a Certificate of Compliance Inspection. On February 6, 1992 a potential buyer for your residence spoke to me regarding a suspected fuel tank buried below your floating slab. addition. (Please find enclosed a copy of the Fire Department's Report dated 1/24/92)

Please be advised that the Fox Point Code Section 30P.62 requires that a Certificate of Compliance must be issued by the Building Inspector prior to a change in occupancy. At your convenience please contact this office to schedule an inspection of your residence prior to a change in occupancy as required by Fox Point Code.

If you have any questions please feel free to contact me.

Sincerely,

Scott Miller Building Inspector

SM/jsg

cc: Village Manager Village Attorney

INSPECTION DEPARTMENT VILLAGE OF FOX POINT 7200 N. SANTA MONICA BOULEVARD FOX POINT, WISCONSIN 53217

NONCOMPLIANCE NOTICE

Date

Issued to:	Igor Versler
Address:	8530 N. Fox Croft Lane

An inspection of the premises located at <u>8530 N. Fox Croft Lane</u> discloses noncompliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

- 1. It was noted that the basement was recently remodeled. In checking our records I fail to find any permit authorizing this remodeling work. The following is a list of code violations and concerns I have regarding this recreation room:
 - A) Non-metallic cable was installed in violation of Fox Point Code 13.17 (b). (Not to be exposed for more than 18 inches unless done as per the Elecfical Inspector)
 - B) Receptacles installed in recreation room shall be installed in compliance with the National Electrical Code 210-52a.
 - C) Electrical boxes shall be checked for conductor length as per NEC 300-14.
 - D) Existing Boxes shall be checked for compliance with NEC 370-6.
 - E) Fluorescent light fixtures shall be supported as per NEC 410-16.
 - F) Remove basement closet light which is in violation of NEC 410-8 (d) (1).

Air conditioner disconnect shall be installed such that the door opens at least 90 degrees to provide proper working space clearance. (Reference NEC 110-16)

- Seal all openings in service equipment. (Reference NEC 110-12) Remove all temporary wiring in basement shop room.
- 3. Sump pump receptacle shall be installed to code.

G)

4. Master bedroom receptacle shall be installed to code. The premises at the above address shall be brought in compliance before there is a change in occupancy. Please notify this office when corrections have been made and a reinspection of the premises for compliance is desired.

Building Inspector - Village of Fox Point

Non Compliance report page 2-Versler

- 5. It was observed that a considerable amount of PVC pipe was installed in the basement. The following is a list of code violations and/or concerns I have regarding this work:
 - A) Shower waste was installed with $(1\frac{1}{2})$ PVC pipe. The Wisconsin Plumbing Code ILHR 84.20 (5)(j) requires a 2 inch waste pipe.
 - B) Shower trap must be at least 2 inch as per ILHR Table 82-30-1.
 - C) Stack clean out shall be installed between 28 and 60 inches above the floor as per ILHR 82.35 (3)f. This clean out shall be installed to the direction of flow or 90 degrees to the direction of flow (Reference ILHR 82.35L)
 - D) Clean out size shall comply with Table 82.35 (noted a 3" clean out cover where this table would require a $3\frac{1}{2}$ inch cover if the sewer were 4 inch).
 - E) Basement laundry tray shall be properly installed with a combination drain and vent system as per ILHR 83.31 (17).
- 6. All exposed foam insulation noted in basement shall be removed as per ILHR 21.11.
- 7. Smoke detectors are required for each floor level including the basement.
- 8. Provide backflow protection for all exterior hose bibs and laundry tub faucets.
- 9. Inspection of the exterior of this residence revealed an underground fuel tank installed below the sunroom addition. This tank must be brought into compliance with Fox Point Code 30.37 and Wisconsin Administrative Code ILHR 10. Please note that if this tank were to be removed, the contractor.must be certified and this site must be inspected by a Certified Inspector. If it is intended to abandon this tank in place, a Certified Agent of the Wisconsin Administrative Code must decide if a condition hardship exists. Written documentation of this decision will be expected by this Department. A permit to perform any work on this tank is required by Fox Point Code.
- 10. The Fox Point Code Section 30.33 (6)i only allows two layers of roofing. Additional layers are only permitted with calculations. It appears that in places there are three layers of roofing over this roof. Also, the south west corner of the roof has an apparent roof sag. Please provide documentation that the roof structure is structurally sound.
- 11. Permits for plumbing and electrical alterations are required by Fox Point Codes.

Re: Closure In Place Approval - Letter to Statement

This letter is in response to your letter received 5-27-94. After reviewing your letter we find the request to meet established criteria (see attached sheet) for an in place closure.

Conditional approval is granted based on the specific site information provided in the letter. The following conditions of approval will meet the intent of the code in bringing the site into code compliance.

1. The petitioners statements provided in the letter are to be carried out. 2. All in place closure procedures and tank cleaning will be performed by a DILHR certified remover/cleaner. Confined space entry precautions and procedures shall be followed.

3. The certified remover/cleaner shall submit a closure checklist (SBD-8951) and a tank inventory form (SBD-7437) to the address on the forms. Both documents must be completed, signed and dated. A copy of this approval to close in place must accompany the closure checklist.

4. The site assessment (if required) must be performed by a DILHR certified site assessor. If a breach of integrity is found to exist in the tank system then the WDNR must be notified immediately.

APPLICATION FOR BUILDING PERMIT	
TO THE BUILDING INSPECTION DEPARTMENT:	
The undersigned hereby applies for a permit to build, in accordance with the information tabulated	L
hereafter, Type of Structure	
Type of Structure	2
	•
Subdivision District	,
Does contemplated structure violate the Village zoning ordinance?	
Height of Structure	
Width (parallel to highway)(feet) Depth (perpendicular to highway)(feet)	
Distance: Street Line to Front Line of Structure	
Distance: Side Lot Line to Structure	•
Type of Construction:	-
Frame, Brick-tile, Etc.	-
Height of front yard above street grade	••
Number of rooms	-
Garage	•
Estimated cost Building \$966,92	•
Structure.	•
Is there a private garage?	•
Does the contemplated garage violate the village conting or the store?	•
SizeNumber of stallo	•
Where situated	•
General constructionFrame - Brick - Stucey Etc.	•
Have plans been submitted to the Wisconsin Department of Industry, Labor and Human Relations	3
for examination and approval?	
Have plans been approved as being in compliance with all applicable sections of the Wisconsin Ad	-
ministrative code?	
Herewith are filed the following duplicate plansin number, which I certify I will conform to in the work hereby applied for.	
Remarks:	
the officer reast there is shown	-
Start Constinue 2010er Maning	•
Remarks: The Apple have when the Solver Starry Herewith are filed the specifications that describe the work in question and as shown on plans above submitted.	:
In making the application the undersigned agrees to obey the Fox Point Building and Zoning Codes pertaining to the erection of all structures and also agrees to obey all other ordinances of the Village of Fox Point.	;
The undersigned, owner or being duly authorized so to do, hereby gives express authorization to the Village of Fox Point, its officers, agents and employees, to enter upon the premises herein described and fill up any excavation, or tear down, remove or enclose the unfinished structure for which a permise	1 t
is herein requested in the event of cessation of the building, whenever the Building Inspector shal determine that such premises in the unfinished condition of the structure are dangerous to members of the public, including children, even though trespassers. The undersigned further hereby waives al statutory notices and consents to the determination by the Village Board and the levy and placing upon the tax roll of a special assessment in the amount of the cost to the Village, including customary Village overhead charges incurred in filling up any such excavation or tearing down, removing or	
enclosing any such unfinished structure.	
We hereby agree to provide a house number plate or sign readily observable from the public highway	
which will be installed not less than 15 days after the structure is occupied.

Have plans been submitted to the Wisconsin Department of Industry, Labor and Human Relations
for examination and approval?
Have plans been approved as being in compliance with all applicable sections of the Wisconsin Ad-
ministrative code?
Herewith are filed the following duplicate plansin number, which I certify I will conform to in the work hereby applied for.
Remarks:See Aftriched

Herewith are filed the specifications that describe the work in question and as shown on plans above submitted.

In making the application the undersigned agrees to obey the Fox Point Building and Zoning Codes pertaining to the erection of all structures and also agrees to obey all other ordinances of the Village of Fox Point.

The undersigned, owner or being duly authorized so to do, hereby gives express authorization to the Village of Fox Point, its officers, agents and employees, to enter upon the premises herein described and fill up any excavation, or tear down, remove or enclose the unfinished structure for which a permit is herein requested in the event of cessation of the building, whenever the Building Inspector shall determine that such premises in the unfinished condition of the structure are dangerous to members of the public, including children, even though trespassers. The undersigned further hereby waives all statutory notices and consents to the determination by the Village Board and the levy and placing upon the tax roll of a special assessment in the amount of the cost to the Village, including customary Village overhead charges incurred in filling up any such excavation or tearing down, removing or enclosing any such unfinished structure.

We hereby agree to provide a house number plate or sign readily observable from the public highway which will be installed not less than 15 days after the structure is occupied.

NONCOMPLIANCE NOTICE

<u>May 22, 1985</u>	May	22,	1985
---------------------	-----	-----	------

Date

Issued to:	Rose Shapiro
Address:	8530 N. Fox Croft Lane

An inspection of the premises located at <u>8530 N. Fox Croft Lane</u> discloses noncompliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

- Code-complying separation required between residence and attached garage.
- Code-complying handrail required for all stairs with more than three risers.
- Code-complying ventilation required for basement toilet room which has no window to outside.
- Eliminate clear water from sanitary sewer.
- Remove, replace or repair all non Code complying electrical wiring or components.

The premises at the above address shall be brought in compliance before there is a change in occupancy. Please notify this office when corrections have been made and a reinspection of the premises for compliance is desired.

The occupant or proposed new occupant of the premises feeling aggrieved by the action of the Building Inspector may appeal to the Board of Appeals following the usual procedure on appeal from an order of the Building Inspector within thirty (30) days of the above date.
