

INSPECTION DEPARTMENT
VILLAGE OF FOX POINT
7200 N. SANTA MONICA BOULEVARD
FOX POINT, WI 53217

NON COMPLIANCE NOTICE

September 3, 2014

Issued to: Eric Klees

Address: 450 W. Dean Road

An inspection of the premises located at 450 W. Dean Road discloses noncompliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

1. Please provide code compliant smoke and carbon monoxide detectors on each floor level of the home including the basement.
2. Please provide vacuum breakers on your laundry tub faucet and your exterior hose bibs.
3. Please provide Ground-Fault Circuit Interrupter (GFCI) protection for your kitchen countertop and your bathroom electrical outlets.
4. Please obtain a plumbing permit for your water heater which was installed in 2006. Also, please properly extend the relief valve piping to within six (6) inches of the basement floor as required by Village code.
5. Please provide a code compliant handrail on all stairways with more than three (3) risers.
6. Please properly close all open electrical boxes.
7. Please remove the nonmetallic sheathed cable that has been improperly installed below the floor joist in the basement.
8. Please remove the improperly installed light fixtures that are attached to the bottom of the kitchen cabinets.
9. Please obtain plumbing, electrical and building permits for remodeling your kitchen.
10. Please remove the electrical wires that have been installed in your HVAC ductwork.
11. I observed that an armored cable has pulled out of an electrical box in a second story closet. Please properly remedy this situation.
12. Please provide GFCI protection for the electrical outlets that were installed in the detached garage.
13. Please provide a code compliant electrical disconnect in the garage.
14. The inspection does not reveal any evidence indicating that clear water is entering the Village's sanitary sewer system (i.e. no drain tile receivers). As such, the Village will not be requiring the installation of a sump pump at this time.
15. Please properly bond your corrugated stainless-steel tubing (csst) gas piping system as required by Village code.

Scott Miller
Building Inspector
Village of Fox Point

** Please be aware that Village Code requires permits for plumbing and electrical work.*

**Please be aware that all work done prior to obtaining a permit will require a double fee pursuant to Village Code.*

NONCOMPLIANCE NOTICE

January 27, 1993
Date

Issued to: Bernard J. Klees

Address: 7607 N. Lake Drive

An inspection of the premises located at 450 W. Dean Road discloses noncompliance with Codes or Ordinances of the Village of Fox Point as hereinafter listed:

1. Provide backflow protection for the boiler.
2. Provide backflow protection for all exterior hose bibs and laundry tub faucets.
3. Smoke detectors are required for each floor level including the basement.
4. Remove non code complying light fixture in basement closet. (Wired with a spliced extension cord)
5. The unused private well must be brought into compliance with the DNR's rules and regulations for abandoned unused wells.
6. Replace missing basement handrail.
7. Upstairs bathroom receptacle outlet is not wired properly. (Reverse polarity)
8. Remove exposed foam insulation in upstairs attic as per code.
9. South garage lites must be installed to code. (Proper EMT fittings, proper EMT installation, etc.)
10. Fox Point Code 30.15(7)(a) requires that you provide two exits from the upstairs apartment for a duplex. This second exit can be a jump platform provided however, that the exterior porch is not over 10 feet from ground. Your jump platform measures 12'6" in height. The door to this second exit must measure 2'8" wide by 6'8" tall. Also, at least one main entrance door to each residence must measure 3' wide by 6'8" tall
11. The electrical service must be updated because of violations with the following code sections. 1)NEC110-14a, 2)NEC230-64, 3)NEC230-70(b), 4)NEC230-71, 5) The disconnects must not subject a person to live parts while re-fusing (Article 100A)
12. Seal opening in masonry chimney with an approved method.

The premises at the above address shall be brought in compliance before there is a change in occupancy. Please notify this office when corrections have been made and a reinspection of the premises for compliance is desired.

Building Inspector - Village of Fox Point

Notes and Observations

I can find no evidence of a drain tile system. In checking the floor drains, I failed to find any drain tile receivers. Therefore, a sump pump is not required at this time.

All abandonment work shall be performed in accordance with the provisions of Chapters NR 111, NR 112 or NR 141, Wis. Admin. Code, whichever is applicable. Also, see instructions on back.
